EXHIBIT PLACEMENT AND RELEASE

22. **QUALITY ASSURANCE RULE:** This rule applies to all Junior Fair exhibitors of finished market beef, market lambs, market hogs, market goats, lactating dairy cattle, lactating dairy goats, market turkeys, meat rabbits and meat chickens. Exhibitors must annually attend the **entire mandatory LORAIN COUNTY** quality assurance education program by June 5th in order to show any of these designated animals in junior fair. It is **highly recommended**, but not mandatory, that a parent or guardian attends the program with exhibitors. The Lorain County Quality Assurance Team puts on this program. Exhibitors ages 15–18 have the option to test out of the Quality Assurance session. The test will be offered by appointment prior to June 5th (contact Extension Office.) Fur-

thermore, Junior Fair exhibitors of these animals are required to complete a Drug Use Notification Form (DUNF). The DUNF will be collected when the animal is checked in on Sunday. Any animal included in this rule (except lactating dairy cows and lactating dairy goats) which has been administered a medication or medicated feed with a withdrawal time must be past the withdrawal time prior to exhibit or show at the fair. Animals (except hogs) which will not be past a drug withdrawal time by show day may not remain on the fairgrounds. Any hog that will not be drug free by the day of show, will not be permitted to show or sell through the Junior Fair Sale, but must be sold privately and sent to slaughter at the conclusion of the fair week. (Hogs, once checked in, will not be permitted to leave the fairgrounds until the last Sunday of the fair.) If an animal received treatment after filing the initial DUNF at any time during the fair week, an updated DUNF must be submitted immediately with the Quality Assurance Team.

23. Each species DUNF forms are due an hour after the species designated check-in time.
24. A revised DUNF shall be completed at the Jr. Fair Office for ANY animal that is administered a drug after it arrives on the fairgrounds. This applies not just to market animals but to ALL animals exhibited.
25. Livestock are to be weighed in upon arrival at the fairgrounds Sunday, except all market beef department animals, which will be weighed in on Monday. Extra animals will **NOT BE WEIGHED**. Exhibitors must have exhibit animals selected prior to weigh-in at the fair. Only those animals to be exhibited will be weighed. Animals will not be reweighed except on instructions of weigh master. All livestock requiring certificates of vet inspection must show the certificate to an authorized person before leaving the trailers. The exhibitor or a representative of his/her immediate family is required to be present at the time weigh-in with his/ her animals.
26. All exhibitors must abide by dept. rules and Sunday check-in schedule. Late or early placing may disqualify the exhibit unless prior approval has been given by the appropriate Jr. Fair Departments. All Jr. Fair exhibits are released at 6:00 p.m. on Sunday. All animals must be removed by **9:00 p.m.** on Sunday or premiums will be withheld.
27. No projects may leave the fairgrounds early without an early release form signed by the Jr. Fair Office. Premiums will be forfeited without an early release form and exhibitor will not be permitted to exhibit at the fair in the following year. Premiums may also be forfeited with an early release form at the discretion of the Jr. Fair Office.
28. No exhibit (animals, still life projects, decorations, foot rails, tack boxes, or any other part of the total exhibit) may be removed, taken down or altered from its principle place of exhibition before Sunday 6:00 p.m. release time. However, in the case of animals sold in livestock sale, exhibitor may remove tack box, rails, etc. anytime AFTER a sale animal has been picked up by the buyer, unless specified by the department. Stalls and pens are not to be cleaned on Sunday before the animal has been removed. Persons violating this procedure without written permission from authorized Jr. Fair office personnel will forfeit premiums. Items

(club decorations, etc.) left in Jr. Fair barns must be removed by 9:00 a.m. on Monday after the fair unless prior approval has been given by the Jr. Fair Board. After that time they will become the property of the Jr. Fair Board. All metal swine, sheep and goat pens must be wiped down by exhibitor before leaving fair, after animal has been removed from pen. **ALL AREAS OF ANIMAL CONFINEMENT (PENS, STALLS, CAGES) MUST BE CHECKED BY A JR. FAIR BOARD MEMBER IN THAT DEPARTMENT, AFTER THEY ARE CLEANED OUT AND ANIMAL HAS BEEN REMOVED ON SUNDAY. Failure to do so will result in a loss of premiums.**

29. Jr. Fair exhibits must be housed and remain in Junior Fair barns and exhibit areas except during the time of an open class show if that animal is being shown in the open class show. Open class entries may be housed in Jr. Fair barns only if they are entered in the Jr. Fair.

30. All Jr. Fair entries will be judged according to the schedule in the premium book. Any changes in the schedule will be announced and posted at the Jr. Fair Office.

33. The Lorain County Agricultural Society will issue Jr. Fair exhibitor premiums in cash only during posted times and location on Saturday and Sunday of county fair. Cash premiums will be distributed at the Sr. Fair office from Monday, August 27th through September 14th during regular business hours. **Cash premiums not picked up by 3:00 p.m. September 14th or club premium checks not cashed within 60 days will be considered a donation to the Lorain County Agricultural Society.** The Board of Directors will determine the proper use of these donations.
34. No premium or award adjustments will be made after September 14th unless prior written requests were made. All adjustment requests should be filed with the Jr. Fair Coordinator, 23000 Fairgrounds Road, Wellington, OH 44090. Adjustment requests must be made through the advisor. Lost premiums and outdated checks will not be reissued by the Sr. Fair Board.
35. Each exhibitor showing animals that are on exhibit at the fair for the week is expected to sign up for barn duty in each of the barns in which he/she has an animal on exhibit. Failure to sign up for and serve barn duty will result in **LOSS OF PREMIUM and/or other penalties at the discretion of each department as stated in the rules of each department.**
36. Any type of misconduct (water fights, drug/alcohol use or possession, smoking in barns, etc.) will make exhibitor subject to **LOSS OF PRE-**

MIUM AND/OR DISMISSAL FROM FURTHER PARTICIPATION IN JR. FAIR ACTIVITIES.

37. Exhibitors are expected to properly feed and water their animals throughout the entire fair and keep stall/pens clean. An animal tied in a stall must be able to lay down and get to water. Daily pen checks will be made at 9:00 a.m. by Jr. Fair Board department Superintendents. Any exhibitor failing to have their animal cared for and their pen properly cleaned will be subject to the following: First offense — written up by Jr. Fair Board and verbal warning. Second offense — written up second time by Jr. Fair Board, advisor is told and loss of premiums. Third offense — immediate removal of project from the fair.
38. Tack boxes, straw, feed, etc. left in aisle by the exhibitor without permission from the Jr. Fair Board will result in premium loss after one warning.
39. Each exhibitor must show his/her own animal for showmanship and type judging. Exceptions for type judging may be made in unusual circumstances by the department superintendents prior to the start of the show. If an exhibitor is unable to show their animal in type judging, they may only be replaced by another Jr. Fair exhibitor upon approval of a Jr. Fair Superintendent.
40. Animals entered in a showmanship class must also be entered in a Jr. Fair class for type judging. (Does not apply to horses and dogs.)
41. Livestock animals will receive both a type grade (based on conformation of animal) and a fitting & showing grade (based on showing and appearance of the animal and appearance of exhibitor).
42. Showmanship age divisions unless specified otherwise in department are as follows:
Where classes are divided into Junior and Senior Division showmanship:
Jr. Division — exhibitors 13 and under on Jan. 1 of current year
Sr. Division — exhibitors 14 and over on Jan. 1 of current year
Where classes are divided into Jr., Intermediate and Sr. Divisions:
Jr. Division — exhibitors 11 and under on Jan. 1 of current year
Intermediate Division — exhibitors 12–14 on Jan. 1 of current year
Sr. Division — exhibitors 15 and over on Jan. 1 of current year
Beginner showmanship classes, where offered, are open to any Jr. Fair exhibitor who is showing that type of animal for the first year, regardless of age of exhibitor.

JUNIOR FAIR MARKET LIVESTOCK AUCTION

43. Animals must be shown and judged in type class to be sold in the livestock auction.
44. Only finished market animals that are alive and on the fairgrounds will be sold in the auction. Animals exhibited in breeding classes will not be sold in this auction. See weight minimums specified in department rules for sale of animals. If any market pen of 2 or 3 does not meet the required weight, then the project (entire pen) is disqualified from selling in the auction.
45. All supreme champion and reserve supreme champion market animals eligible to sell in the Jr. Fair auction must sell. If there are no supreme champions, then the grand and reserve champions must sell.

Junior Livestock

Tampering and/or Misrepresentation

TAMPERING AND/OR MISREPRESENTATION as to breeding, age, owner-ship, custody and any other irregularity in showing will be considered fraud and deception.

To maintain a high degree of confidence and integrity in the livestock shows, the agricultural society reserves the right to disqualify any animal fitted in an unethical manner and disqualify the exhibitor and the exhibitor's assistants who fitted the animal involved.

Unethical fitting shall include any cutting or tearing of the hide, cutting or tearing underneath the hide or removal of tissue in any attempt to alter the shape or appearance. It shall also include attempts to disrupt or change normal dental development, dyeing or coloring hair, adding artificial tailheads, switches, polls, hair and heels, as well as any attempt to change the conformation and degree of firmness, by administration of fluids or air internally or externally in a liquid, solid or gaseous state. Transparent grooming materials only may be used.

THE USE OF CLENBUTEROL AND OTHER UNAPPROVED DRUGS PROHIBITED. All exhibitors, their immediate family and any other parties involved in the unethical fitting and showing of an animal will be barred from exhibiting or showing at this fair and will forfeit all premiums, prize money, and awards won in any junior fair and/or open class divisions.

SHOULD FRAUD OR DECEPTION, AND PROOF, AS DETERMINED BY THE AGRICULTURAL SOCIETY, BE DISCOVERED AFTER THE ANIMAL OR ANIMALS HAVE BEEN SHOWN AND PRIOR TO THE SALE, such animal(s) shall not be permitted to sell. The animals placing next in line at the show shall move up.

SHOULD VIOLATION BE DISCOVERED AFTER THE SALE, all sale money shall be returned to the buyer and the animal, carcass and carcass value shall be returned to the exhibitor. All placings in show will stand. NO animals will move up. Any carcass suspected of being tampered with or suspected of containing drugs will be detained until the investigation is complete.

IF THE CARCASS IS CONDEMNED at the packing plant for any reason, it shall be grounds for disqualification in the on-foot and carcass division of the show. Additionally, all premiums and sale money will be forfeited and the loss of the animal be incurred by the exhibitor.

RULE VIOLATIONS

In the question of a rule violation, the following due process will be used: The exhibitor and/or parties involved will be questioned by Fair officials. If it is felt a violation has occurred, Fair official will make recommendations to the designated committee of the agricultural society which is appointed to that particular department. After the committee hears the allegations and/or evidence, they will decide if the case should be brought before the full Board of Directors.

In the decision of allegations being brought before the Board, all parties involved will be notified of a meeting date with all parties having the right to present their views and/or evidence.

Upon hearing the case, the Fair Board will make a ruling.

When satisfactory evidence has been obtained by the Fair Board that any live stock rules have been violated, the exhibitor and/or exhibitor's family may be barred from showing in any future agricultural fairs. The minimum number of years for disbarment is three (3) years before the right to a review. In case any premium shall have been awarded to animals shown in violation of this rule, the Fair Board will require the exhibitor to refund premiums, trophies, awards, ribbons and sale money under each violation. Unless fraud and/or deception are involved, all championship placings stand.

46. The following champion and reserve champion market animals must have their exhibitor or family representative present Sunday at 5:00 p.m.. when loading for slaughter. These animals must be slaughtered after the sale and are subject to tissue and urine testing.

If that exhibitor or family representative is not present, a \$100.00 fine will be deducted from the sale check of that exhibitor, which will go to the 4-H Endowment Fund or State FFA Foundation depending upon exhibitor affiliation.

47. An exhibitor participating in the Jr. Fair or Livestock auction assumes full responsibility including the health, well being, and financial responsibility of his/ her animal until the animal is released to the buyer or buyer's representative (trucker and/or processor).
48. Sale order of each animal species will be determined either by random drawing or by pen order in the barns.
49. Animals not brought to the sale ring on time to sell in their order posted in the sale catalog will forfeit their right to sell in the livestock auction. In order to sell by auction bid, animals must be brought into sale ring. All exceptions must be submitted in writing to the Jr. Fair Board for approval. Failure to abide by this rule will result in forfeit of sale.
50. At the time market animals are weighed in (Sunday or Monday depending on type of animal) exhibitor must declare their intent to sell the animal(s) in the Jr. Fair Auction. Any exhibitor later withdrawing their animal from the sale will be charged a fee of 3% of the buyback price per sale lot.
51. Each market animal sold in the Jr. Fair Livestock Auction will have up to a 3% commission deducted from the sale monies due to the exhibitor. An additional \$1.00 per sale lot will be deducted for swine, market beef and lambs to cover Federal "Checkoff" payment. Commission money will be used at the discretion of the Jr. Fair Livestock Sale Committee. The Livestock Sale Committee shall be the collecting agency of all sale monies and shall make all decisions on use and expenditure of all commission monies. The Sale Committee will not deduct additional commissions for individual clubs or groups.
52. **After an animal is sold in the Jr. Fair Livestock Auction and the buyer checks out, there will be NO change in the destination of that animal.**

11. All underweight and overweight chickens and turkeys will be in the first class for type judging.
12. Male poultry and waterfowl may be exhibited.

An exhibitor wishing to display self-determined birds all week at fair must attach a special written request to their county fair entry form and include space requirements and type of cage needed. Exhibitors will be notified by 2nd week of August whether request can be accommodated.
19. Self-determined birds will be judged in the fowl barn and compete for Champion Self-Determined Bird.
20. Check-in is from Noon-6:00 p.m. for all fowl projects other than turkeys and meat chickens which will be checked-in and weighed from 12:30-4:30 p.m. on Sunday. Any turkeys not checked-in by 4:30 p.m. will not be eligible to show or sell.
21. All fowl will be examined for lice upon arrival at fairgrounds. Birds with lice will be sent home.

Containers MUST be secured by clips and no wire bottoms will be allowed in cages. Only coffee size cans will be permitted in turkey pens. No fowl will be allowed to have waterfounts in pens.

All birds not born in the current year, or those birds kept with other non-tested birds, MUST be tested at a Jr. Fair Board testing date. Waterfowl and pigeons do not need to be tested. Hatchery certificates MUST be attached to Jr. Fair entry forms.
25. Turkeys that are directly from an approved pullorum free hatchery, and born in 2012, are exempt from being tested prior to fair if they meet the following:
 1. Hatchery certificate has exhibitor's name imprinted on it.
Advisor name is not enough.
 2. Hatchery must be pullorum certified.
 3. No other birds (turkeys, chickens, pheasants, peafowl) can be within 200 feet of where these exhibit turkeys are being raised. Only exemption would be if turkeys are raised on a certified pullorum free flock premise and turkeys are from a certified hatchery.

Turkeys not meeting these rules must be tested by a veterinarian 20-90 days before fair.

NOTE: Common practice is to purchase a batch of turkeys/chickens so the most ideal can be exhibited at the fair. Ideally, the whole batch should be tested, knowing that this may not always be possible, it is recommended that the exhibitor test more than one bird so there can be a choice as to which bird is exhibited at the fair, also there will then be an alternative bird in the event that something happens to the desired bird (broken leg, fatality, etc)

***Any fowl (excluding waterfowl and pigeons) exhibited at fair must be one that was tested.**

Pullorum testing dates will be announced by the Extension Office.

Fee for those needing tested will be \$5 per bird and \$5 per family. Cost is for blood test, collection materials, and accession fee) \$5 per certificate.

If animals, not properly tested or housed, are brought to Lorain County Fair, then federal and state laws will be enforced. State and Federal Veterinarians can question any exhibitor at fair.

24. Photocopy of a wildlife permit obtained from ODNR Division of Wildlife must be attached to Jr. Fair entry form for any self-determined game bird (ex. Quail, Ring-neck pheasants) which will be exhibited at fair.

SCRAPIES ID REQUIREMENT INCLUDES WETHERS: In compliance with the USDA Animal and Plant Health Inspection Service (APHIS) Scrapies Education Program, ALL sheep exhibited at Lorain County Jr. Fair MUST have a USDA approved ear tag which includes a "premises/farm" identification number assigned by the USDA APHIS. Scrapies tags must contain both premise and individual identification numbers. Lambs without the required USDA ear tag will NOT be permitted to remain on the fair grounds for exhibit. This is a different ear tag than the tags which Jr. Fair Board puts on at the spring lamb tagging. Ohio Dept. of Agriculture Rule: Drenching of market lambs at an exhibition is prohibited except for a medical condition diagnosed by a licensed veterinarian.

1. Exhibitors must read and comply with all Jr. Fair general rules.
2. Market lamb project must be in possession of exhibitor by May 19, 2012. All breeding sheep must be in exhibitor's possession by June 1.
3. On all sheep there should be no evidence of sore mouth or foot rot.
4. No Brucellosis test, Tuberculosis test, or vet certificate of inspection required.
5. Exhibitors may bring two single market lambs of any combination (white/white, white/black, or black/black).
6. Exhibitors of breeding ewes may show a maximum of 3 ewes, with no more than

- one ewe per age division (lamb, yearling, aged ewe).
7. There will be one Supreme Champion Breeding Ewe.
 8. All Market Lamb exhibits must be ear tagged and weighed at the fairgrounds on May 19, 2012 from 9:00 a.m. to noon. No tagging will be done at homes.

 10. Ewe lambs are born after September 1, 2011. Yearling ewes are born between September 1, 2010 and September 1, 2011. Aged ewes are born prior to September 1, 2010.
 11. Wool exhibit will be the fleece from one animal. The clippings from a lamb (under 1 year old) are not sufficient to constitute a fleece. Maximum of one fleece per exhibitor. Members must exhibit an animal in the Jr. Fair Sheep Department in order to exhibit a fleece. Tie fleeces for exhibit.
 12. It is not required that breeding animals be stamped or ear tagged at the weigh station on Sunday. However, they **must** be checked in at the scales during weigh-in.
 13. All 1st and 2nd place breeding ewes will come back for designated championship class.
 14. There will be two market lamb classes: black face (Hampshire and Suffolk) and white face. All other varieties will be placed in the white face class.
 15. No astro-turf may be used as bedding. Bedding must be of sufficient amount at all times as determined by a Jr. Fair sheep department member. The use of rubber mats with holes an inch in diameter and no more than 6 inches apart with bedding underneath will be permitted, no exceptions.
 16. Tying of lambs will not be allowed.
 17. No muzzles will be allowed on sheep at fair.
 18. All market sheep must be completely slick shorn (less than 1/4 inch) within one week prior to the Sunday weigh-in. If not shorn within regulations, sheep will NOT be permitted to go through the scale, show, or sell. Wool must be one uniform length. Only minimal shearing may be done by the exhibitor or approved assistant (see Jr. Fair General Rules) once the animal has arrived on the fairgrounds.
 19. Pre-fair weigh-in for sheep will be held on Sunday, August 19 from 12:30 p.m. to 4:30 p.m. ALL SHEEP, including breeding ewes must be brought through the scales "check-in" area, whether weighed or not, to coincide with the Scrapies rule established by the USDA.
 20. Showmanship of Champions: Showmanship winners in Beginner, Junior, Intermediate, and Senior will compete for Showmanship of Champions Winner and represent sheep in Sweepstakes Showmanship.
 21. Nothing is to be hung on metal pens, no tape, string, feeders, fans, etc.
 22. Exhibitors entering a Llama/Alpaca will be allocated stall/barn space in sheep barn for exhibiting their animal the entire week of fair. The judging grade received will be the exhibitor's grade from Animal Project, and fair premium will be paid on this grade if animal is exhibited at fair. ENTRY RULES

1. Exhibitors must read and comply with all Jr. Fair General Rules.
2. All Junior (age 11 and under) and Beginner (first year, any age) swine exhibitors may only exhibit one market hog. All other exhibitors may exhibit two individual market hogs. This may be 2 gilts, 2 barrows, or one of each. List market hog class number twice on your county fair entry form if you are entering two hogs.
3. Gilt and barrow type classes will be broken down by weights. Therefore it is possible that one exhibitor could have two hogs to be shown in the same weight/type class. If this occurs, it is the exhibitor's responsibility to find another individual to show their second hog (See General Rules #39). Failure to show a hog in its designated type class results in forfeiting its right to be sold in the Jr. Fair Livestock Auction.
4. A health certificate from a veterinarian is NOT REQUIRED.
5. Market hogs must be weighed in and receive an ear tag upon arrival at the fair grounds. A weight slip will be given to the exhibitor before unloading. The exhibitor and their parent (if exhibitor is under 18 years of age) must sign and indicate if they intend to sell in the livestock sale. The gender indicated on the weigh-in slip is the official gender used to determine type class break-downs. This should be a correct reading of the market hog's gender and cannot be corrected after noon on Monday of fair. Weigh-in is from 6:00 a.m. until 11:30 a.m. on the Sunday prior to the official opening of the fair.
6. Market hogs to be sold through the Jr. Fair Livestock Auction must weigh at least 200 pounds and no more than 280 pounds. Weights will be determined by the designated weigh master. All market hogs that do not make weight must be sold for slaughter or have a buyer before noon on Friday. When a buyer is determined, the exhibitor must designate a pre-approved slaughterhouse and trucker for their hog which will be supplied by the Livestock Sale Committee. The Jr. Fair Office must be notified by 9:00 a.m. Saturday of the arrangements.
7. Whips, bats, crops or canes may be used.
8. All swine must be in exhibitor's possession and care by June 1, 2012.
9. Swine barn duty will run from 9:00 a.m. to 9:00 p.m. each day. The quantity of barn duty shifts will be determined by the Jr. Fair Board Swine Department. Any exhibitor who does not fulfill responsibility by serving the barn duty as assigned is subject to these penalties: First Offense - verbal warning plus an additional barn duty; Second Offense - written warning with loss of premiums and another additional barn duty to be served with club advisor; Third Offense - loss of showing privileges.
10. No swine exhibitor may begin to clean out their pen or remove tack on Sunday until ALL SWINE have been removed from both swine barns. No hoses shall be used to clean pens. All pens must be cleaned out by 4:00 p.m.
11. Nothing is to be hung on metal pens: no tape, string, signs, etc.
12. Only water may be used on swine for grooming the day of show. Animals that are found to have violated this rule and have oil or other products on them will be disqualified from the show.
13. All market hogs must have a measurable uniform 1/2" of body hair, underline included. Hair on ears and tail may be a shorter length. Failure to abide by this rule will result in forfeit in show and disqualification from livestock auction. You must find a private buyer if you fail to abide by this rule.

14. Feeding times for market hogs will be between 7:00 a.m. - 9:00 a.m. and 5:00 p.m. -7:00 p.m. except on show days. Hogs must be fed and pens must be cleaned each day by 9:00 a.m. and look presentable.
