

THANK YOU SO MUCH!!!

The Lorain County Fair Board would like to extend a huge thank you to the following who helped make the June 26 Save America event a safe, fun event for what we estimate to be a crowd of 28,000-30,000. To hold an event of this magnitude and not have any major issues means a lot of agencies, businesses, and individuals came together to make it happen. We tried to include everyone involved but, should we have forgotten someone, we apologize. Please know that we appreciate everyone who came together to make this event successful for the Save America Event Team.
